Iron Mountain Jubilee Crew Directions

The Vet Checks for both days will be in the same location at Nancy & Bill's place, Camp Cripple Creek (Triple C).
Crews can leave 15 minutes after the start of their distance. It takes about 30 minutes at the most to drive to the vet check going at or under the speed limit, your rider will be there in 2-3 hours (maybe a little sooner if they are a front runner). **Please drive carefully and do not speed!!** You will be able to crew out of your truck so set up will be a breeze.

You can bring stuff to the Vet Check the evening before the ride if you want but do not leave any open feed around. Bears have been quite active and we don't want to attract any!

If you do not have a crew we will transport your stuff to and from the Vet Check each day. Bundle your things together, keeping it manageable, and label with your rider number, place in designated truck or area before 6:30AM. We will set up the bags in order by rider number so they will be easy to find and fill your water bucket. We will have volunteers to hold your horse or give help if you need it.
